REQUIREMENT RR/HTA/E/R14/57: Describe changes since World War II in the Vladimir Railroad Yards and Shops.

REMARKS:

The Vladimir Railroad Yards and Shops, located 115 miles northeast of Moscow on the Moscow-Gor'kiy rail line, functions primarily as a classification and repair facility.

A comparison of [REDACTED] photography with that of [REDACTED] reveals no significant changes in trackage or functions of this installation. The southwest end of the yard has been widened, but no additional trackage or buildings have been added in this new area.
